

Time Accountability ~ “Plan for a Thin Within Win” this summer!

Directions: For a week, jot down the way you spend your time. Each time box represents that hour, so the 6am box represents 6-6:59am, the 11am box represents 11-11:59am and so on. Take note of patterns in the way you use your time and make adjustments to free up time needed for study time, movement, or any other important tasks you “don’t have time for.” The hours between 10pm and 6am can be used for sleep!
